fortunately more than ever before con artists are being apprehended and prosecuted federal state and local law enforcement officials have reported enormous increases in tips and criminal activity since the economic calamity began in 2008 cash redemptions are dangerous for ponzi schemes because when the money runs out folks start talking for example at any one time enforcement staff at the u s commodity futures trading commission cftc are investigating anywhere between 750 and 1 000 individuals or entities for various violations of the law increases in tips and fraud cases have also occurred at the u s securities and exchange commission sec at the federal bureau of investigation fbi in the states and various localities around the world the stories in this book are actual cftc cases stemming from investigations that began with the economic downturn these are real cases real fraudsters with unfortunately very real victims while the fundamental nature of the writing in such files is as you would imagine very bureaucratic this script is anything but bureaucratic commissioner

chilton has worked in public service for over a quarter of a century and has found that one of the most important things that can be done is to make government less puzzling and perplexing less mysterious and yes less bureaucratic while commissioner chilton can't say there has been any monumental change in how folks see their government over the years commissioner chilton continues to try and do his part by communicating in a way that lets folks in on what is going on this writing is an effort to continue that work commissioner chilton hopes it will be a satisfying read but more importantly maybe some folks will avoid the tremendous tragedy that so many of our fellow citizens have endured

arthur w pink 1886 1952 in this booklet a w pink examines the following aspects of the holy spirit s work in salvation regenerating quickening enlightening convicting comforting drawing and working faith his biblical insights regarding the first regeneration and the last faith are particularly valuable today because these two areas are frequently misunderstood by modern evangelicals regeneration for example is believed by many to be the result of one s decision for christ but as pink shows regeneration precedes repentance and belief likewise and also unlike what many believe today faith is not something that can be produced at will but is a gift of god given by the holy spirit it is sometimes lamented that the holy spirit is the forgotten member of the trinity but forgotten or not it is always profitable to study the spirit s work especially his role in salvation as presented in this booklet

apocalyptic ruin and everyday wonder in don delillo s america is a fresh and engaging study of last things in don delillo s works things like death mourning and the decline of the american empire but then also the apocalypse the last judgment and the end of the world more generally michael naas untangles complex themes in short witty chapters that highlight and celebrate delillo s inventive and playful writing employing a novel approach to literary criticism making no use of secondary sources the book is entirely a discussion of delillo s work accessible to any level of readership while maintaining a firm grasp of the theory necessary to make this unique argument and yet this book is also about all the things that double or shadow those last things in the very same works like the wonder of language or the radiance of everyday events from americana 1971 up through zero k 2016 and the silence 2020 and perhaps like no other american author don delillo has created meaning by contrasting juxtaposing or as naas calls it here contrabanding first and last things conflicting or opposing forces such as life and death creation and destruction consumption and waste everyday

wonder and apocalyptic ruin the origins of language and the end of the world in his adept demonstration of how delillo has returned repeatedly to these last things naas shows how the works of don delillo have been there for more than half a century to remind us of one simple and yet profound truth nothing lasts forever
